

Quiz

Format of the Quizzes

Preliminary Round

The preliminary round will be a written round for duration of half an hour with 30 questions.

The answers will have to be written in the answer sheet and submitted at the end of the 30 minutes provided to the teams.

As it is a general quiz, the topics covered in the preliminary and the final rounds will include Current Affairs, India, Science and Technology, Sports, Entertainment, Literature, History, Geography and Business.

Selection of Teams

From the teams that have written the preliminary round, the **top six teams** will be selected for the finals in each of the four categories.

In case of tie in the preliminary rounds, tie-breakers will be built into the written quiz.

Questions 11 to 20 will be marked as starred questions and in case of tie between two teams these starred questions will be considered.

The team which has answered the higher number of starred questions will qualify to the finals.

In case of a tie within the starred questions, 'sudden death' within the starred questions will decide which team qualifies.

Final Round

The top six teams from the preliminary rounds will qualify to the finals.

The finals will be of one hour duration.

Rounds will include the traditional quizzing rounds with direct questions being asked to each team and unanswered questions being passed to the other teams in clockwise and anticlockwise directions. The rounds will be having questions from a mix of topics.

We will include a buzzer round (subject to availability of buzzers in the venue).

A total of six rounds will be asked to the teams for the finals in each category.

There will be no negative marking in the finals, except for the buzzer round*.
